

CAPABILITY STATEMENT

Holosys Tech Group LLC Houston, Texas | www.holosystech.com Contact: Joshua Williams | (713 255-2541) | operationsteam@holosystech.com

COMPANY OVERVIEW Holosys Tech Group LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing mission-first IT and cybersecurity solutions. Backed by a Master's in Cybersecurity and 8+ years of systems engineering and government contracting experience, we deliver disciplined results for federal agencies.

CORE COMPETENCIES

- **Systems Engineering:** Expert support for Active Directory (ADUC) and Microsoft Configuration Manager (SCCM).
 - **Cybersecurity:** Advanced scanning/remediation using ACAS and implementation of NIST/CMMC frameworks.
 - **Network Engineering:** CCNA-certified design of secure, high-performance network communications.
 - **Modernization:** Expert legacy system transitions to scalable architectures and process automation.
 - **Information Assurance:** Identity governance and endpoint protection via ADUC for zero-trust integrity.
-

DIFFERENTIATORS

- **Technical Pedigree:** Master's in Cybersecurity and BS in Business/IT Management.
 - **Elite Credentials:** Holds CISM, SecurityX, CCNA, and ACAS certifications.
 - **Proven Precision:** 8 years of direct government IT experience with 100% veteran accountability.
 - **Specialized Authority:** Expert proficiency in ADUC and SCCM for enterprise-scale environments.
-
